

FUN with MONEY!

Money jokes!

1. What is the quickest way to double your money?
2. If a fifty cent piece and a quarter were on the Empire State Building, which would jump off first?

HA!
HA! HA!

Answer Key: 1. Fold it in half and put it back in your pocket. 2. The quarter, because it has less sense (cents).

Spring 2009

A Newsletter for the "Wings" of Friendly's Club

In this issue of Beakin' Nooz, Friendly the Eagle has created some games for you to play. Have fun!

Help Friendly the Eagle find Waukesha State Bank!

Friendly's Club for Kids
P.O. Box 648
Waukesha, WI 53187-0648

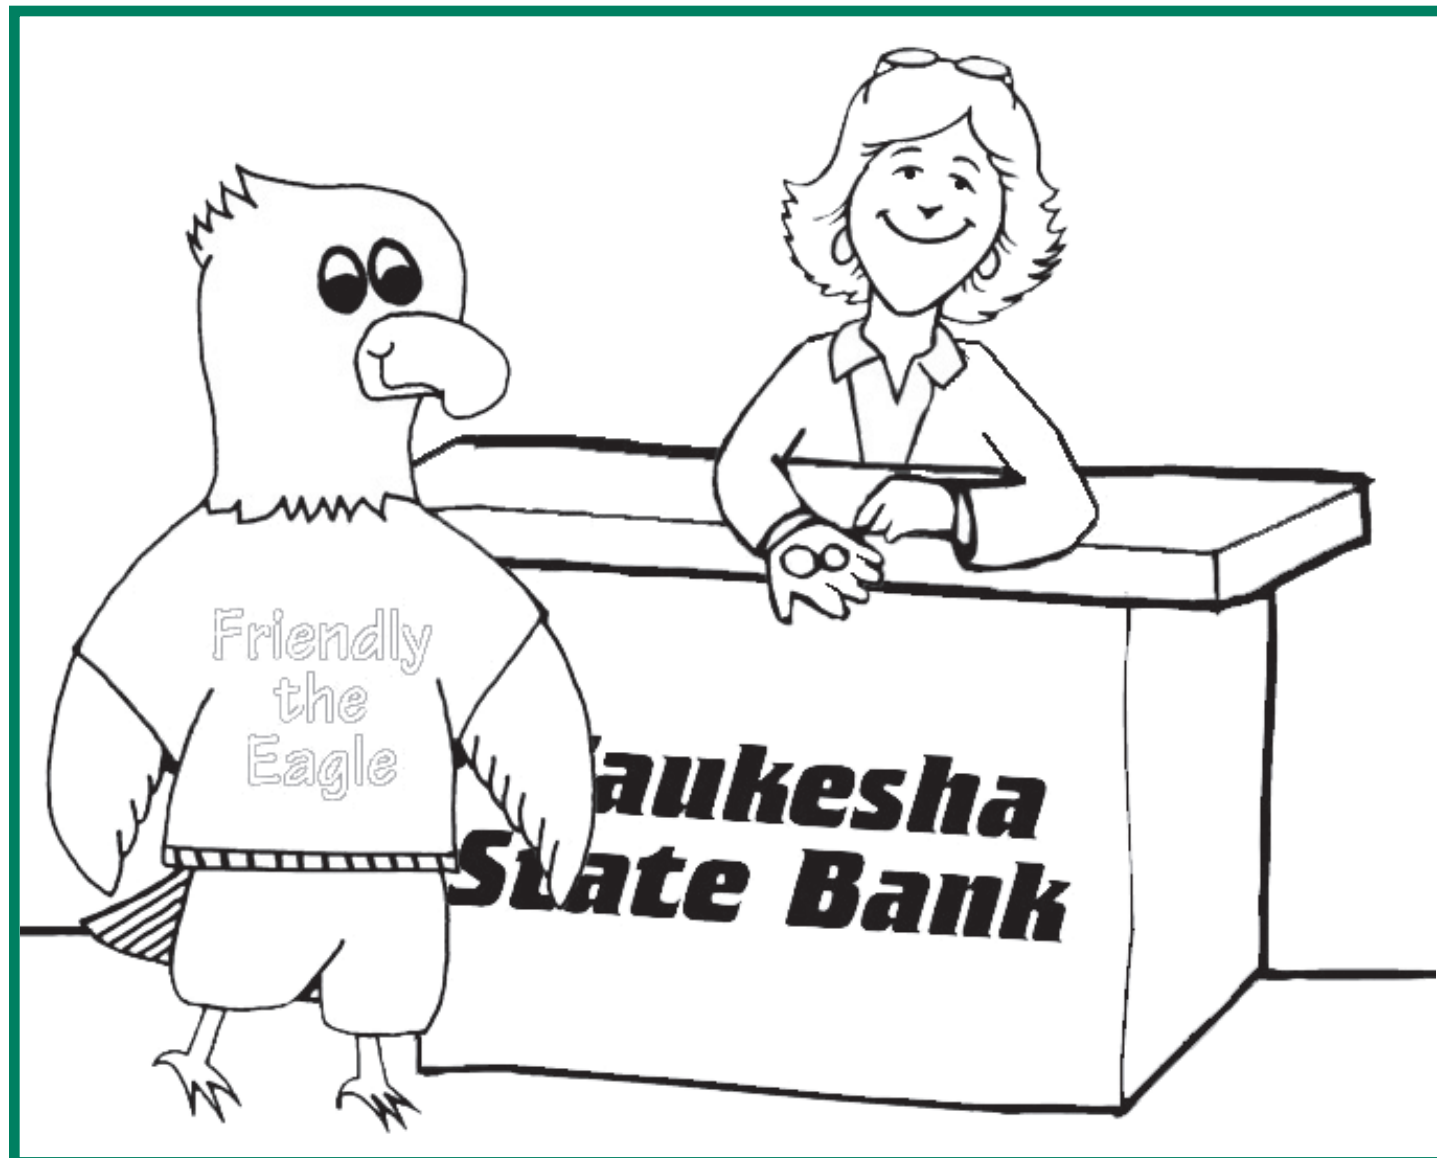

www.WaukeshaBank.com • Member FDIC

Color the Picture

Whew... thank you for helping Friendly get to the Bank!

Next he needs help depositing some money into his Friendly's Club savings account. First, color the picture below, and then on the next page, help Friendly count how much money he has to deposit.

Friendly's Deposit Total

The last thing Friendly needs your help with is to count how much money he has to deposit. Count how much of each coin Friendly has and then add up the total.

	+		+		+		=	_____
Friendly's Deposit Total = _____								

(Hint: Add the total for each coin)

If Friendly already has \$8.66 in his Friendly's Club account, what is his new account balance?

\$ _____

(Hint: Add \$8.66 + Friendly's Deposit Total)
